[e2i-SIAA sign MOU at Robotics & Automation Awareness Seminar](#)

On 6 Apr, SIAA & e2i organized Robotics and Automation Awareness Seminar. Mr Chan Chun Sing, NTUC's Deputy Secretary-General, attended the event with about 200 employers from service-related sectors. At the event, both organization signed a two-year Memorandum of Understanding (MoU). Under the MoU, both organizations will work together to help local businesses have easy access to adopt technology and support workers for training. Higher productivity and deeper skills will be gained through:

1. Events like knowledge sharing, visits and consultation for companies to learn about robotics and automation trends and application;
2. Training for workers to know how to manage and use new technologies and applications

The event was reported in Straits Time and SinMin and the Press Release can be viewed [here](#).

[IoT Asia 2015](#)

 IoT Asia 2015 was a great success! It attracted 2,100 attendees from 29 countries, 85 speakers, 44 sponsors & exhibitors with 3 Country Pavilions. Minister Vivian Balakrishnan, Minister in Charge of Smart Nation was the Guest of Honour. IoT Asia has once again proven itself to be the region's unrivalled show that brings together technology leaders and emerging disruptors to share industry best practices and know-how. We are thrilled that companies have selected IoT Asia

2015 as the platform to explore how the Internet of Things will transform businesses, government and societies. You can catch clips of event at [IoT Asia channel](#) on YouTube.

2nd Association RoundTable (ART) 2015

During IoT Asia, SIAA hosted the 2nd Associations RoundTable (ART) with 13 participating associations from the region – Canada, Japan, Malaysia, Korea, Singapore and Taiwan. The participating associations pledged to Communicate & Share, Connect to the Last Mile and Champion Common Standards.

SIAA COUNCIL 2015/2016

The new 2015/2016 Council was elected at the 33rd Annual General Meeting on 27 May 2015. We congratulate them and look forward to an exciting year ahead under their leadership.

INNOVATION & TECHNOLOGY DAY 2015

30th and 31st July 2015
9.30am - 7pm
Gallery 1 & 2, Red Dot Design Museum

Organized by  PHOENIX CONTACT

Strategic Alliance Partners  IMI  LAPP CABLE  VEGA

Innovation is Art. Just like a fine piece of art, Phoenix Contact products and solutions are exquisitely crafted to perfection. This coming July, see the latest technologies and future market

trends in Phoenix Contact's Innovation Fair. These latest technologies translate to innovation products and solutions for diverse industries. From PCB Connection, Surge Protection Solutions, Cyber Security to a complete Automation and Control Solution for the industrial markets. Whether you are from the Electronics Manufacturing, Oil and Gas, Marine, Telecoms, Building Automation, Water, Transport industry or an End user, Consultant or Panel Builder, you will be able to take home valuable insights and experiences from this exhibition!
