

# AUTOMATION SOLUTIONGO!

*Empowering Today. Connecting Tomorrow.*

**17 - 18 October 2024 . 9AM - 6PM . Singapore Polytechnic.**

Experience the inaugural edition of **Automation SolutionGO!** organised by AutomationSG (previously SIAA). Set to become the hallmark event for the association, this exhibition is poised to emerge as the premier showcase of cutting-edge applications and technologies in the region.

More than just a gathering of industry peers, Automation SolutionGO! serves as a dynamic platform for innovation and offering solutions as we embrace Industry 4.0. The association is meticulously curating programmes to align our exhibitors with the evolving needs of our visitors, ensuring an unparalleled experience for all participants.

Recognizing manufacturing as a cornerstone of Singapore's economy, Automation SolutionGO! will spotlight the following key sectors vital to Singapore's industrial landscape:

1. Semiconductor & Electronics
2. Industrial Facilities & Building
3. Medtech & Pharmaceutical
4. Precision Engineering
5. Food Manufacturing & FMCG

# Programmes

Automation SolutionGO! is the platform for critical conversations and finding the perfect fit for automation solutions, providing attendees with the knowledge and tools to implement and adopt automation seamlessly into their operations.

From the exhibition showcases to insightful presentations and intimate roundtable sessions, attendees have the opportunity to delve deep into the landscape of various subsectors, understand problem statements, and gain insights from industry leaders.

# Sponsorship Opportunities

We are doing things a little different this year, Automation SolutionGO! will be bringing curated experiences for each of our sponsors. Choose from a range of offerings available that best suits your needs, and let us do the rest.

## DISPLAY SPACE & PUBLICITY

- Each sponsor will be given a display space to showcase their products to visitors.
- Logo acknowledgement on event publicity materials.
- Social media marketing on event LinkedIn page and website.
- Pre-event marketing e.g. Spotlighted in association's newsletter

## KEYNOTE

- 30 mins of keynote delivery.
- Exhibit your thought leadership to the industry. Motivate and inspire businesses to ready themselves for the future. Changes in global trends in technology and political climate calls for a mindset shift.

## THEMATIC ROUNDTABLE

- A curated and interactive session to discuss the industry landscape and challenges of the businesses.
- Reach out to new audiences and create networking or collaboration opportunities.

## PRESENTATION

- 15 mins presentation time at the conference to an industry audience; focus on case studies and projects implementation.

## TOURS

- Exclusive tours of the innovation centre at Singapore Polytechnic.

## DIY SPACE

- Host your own event and workshop with our DIY spaces for your customers and partners. Leverage on the infrastructure of Automation SolutionGO! to create this for you!
